Para ello, y en consideracion a que, mientras se reciban en Londres los fondos que de los productos de las Aduanas están apropiados al pago de intereses y a la amortizacion de la Deuda, se hace preciso destinar provisoriamente en su mayor parte al dicho pago de intereses y amortizacion en los dos primeros semestres los otros fondos que actualmente están en poder de los Banqueros de la Confederacion, y que han sido especialmente apropiados por el Gobierno para que de ellas se haga el pago del mencionado uno por ciento de comision al Comisionado fiscal, segun lo comunica el Sr. Secretario de Hacienda en su nota de 18 de Febrero n.º 666; este pago dividido en los cuatro plazos ya referidos, se verificará en la manera siguiente: en el primer plazo se pagará al Comisionado fiscal mil novecientas cincuenta libras esterlinas (£1950) tomándolas de los expresados fondos en poder de los Banqueros de la Confederacion; en el segundo plazo de 1.º de Junio de 1862 y en el tercer plazo de 1.º de Junio de 1863, se le pagaran igualmente en cada uno de ellos mil novecientas cincuenta libras esterlinas (£1950); y en el cuarto y final plazo al terminarse la total conversion de la Deuda, se le pagará el saldo o resto que se le quedare debiendo para completarle el uno por ciento de dicha comision calculado sobre el capital a que asciendan entonces los vales emitidos de la nueva Deuda activa. Pero es bien entendido que estos tres ultimos pagos, en sus correspondientes fechas, se harán al Comisionado fiscal, Manuel Maria Mosquera, tomando las respectivas cantidades de los fondos que reciban los Banqueros de la Confederacion por productos de las Aduanas, u de otras rentas que tenga que destinar el Gobierno

al pago de los intereses y amortización de la Deuda, según lo estipulado en el artículo 4.º del Convenio para el arreglo de ella, y haciéndose por el importe de ellas reintegro a la cuenta de los fondos apropiados al pago de dicha comisión, que, como queda dicho, son los actualmente existentes en poder de los mismos Bancos, que provisoriamente han de destinarse en su mayor parte, y como suplemento de una cuenta suya, a los pagos de intereses y amortización del primer semestre vencido ya en 1.º de Junio próximo pasado, y del segundo que se vencerá en 1.º de Diciembre de este año.

Del presente Convenio se dará cuenta al Gobierno de la Confederación para su aprobación.

En fe de lo cual lo firmamos por triplicado en la ciudad de Londres a seis de Julio del mil novecientos sesenta y uno.

Respected Senor

A wrong being attempted to be enforced upon me, I take the liberty to appeal to You as the Fiscal Commissioner of the New Granadian Government appointed to carry out the Agreement of March 1861 with the Bondholders —

The "United States" Party in a series against the Government of Ospina sent Communications to the Committee in May 1861 giving notice that their agreement would be disavowed by Ospina's Government being thrust out of the possession of Porto whence the means of fulfilling payments were to come; I could not determine on claiming my Rights thereunder until I saw it would be realized — In May last I was informed a Majority of the Bondholders had accepted: accordingly, in June, I delivered part of my Bonds £2150 and Coupons £513.6.3 and in due course, 2 New Bonds (£500) Land Certificates &c were returned me with my Bonds of 1845 — I would now put in the remainder £450 Coupons £107.8.9 for a Bond of £100 New & my other Rights but am offered a

a Certificate robbing me of Dividends &c &c I am told to bring Certificates for the remainder of a £250 Bond, and having employed a Broker find They are forestalled & not procurable: and although the Committee would give me £26 & Cent for a worth of £50 now (without prospective Interests) They will not accommodate me by Sale of a sufficiency of accumulating Certificates to arrange this imposition in their own way!!

respected Senor I therefore Appeal to your sense of honor & justice, as the Fiscal Representative of the Government of New Granada in the settlement of this Agreement with the Bondholders to provide the needful Bond of £100 &c. for if it is true the first issue of £100 B^{ds} is exhausted, it is incumbent on Your Government to make further issues until every Rightful Claim is honorably satisfied

Trusting you will honor this communication with the attention it deserves I beg most respectfully to subscribe myself

Sir

I have the honor to answer to the letter you did me honor to address on the 29th ultimo, by referring you to the text itself of the new Bonds of New Granada. You will see thereby that we were obliged to fix a limit to the issue of the Bonds to a certain amount, and that this was distributed in Bonds, all of them numbered in series, of £100. £250. & £500 — The first class of £100 being now exhausted, as it has been stated to you at the Office N^o. 11. Austin Friars, we are not at liberty to issue an additional number of Bonds of the same value, (£100), which of course would be to overpass the general amount of the issue. Therefore, all the Bondholders in your case, who certainly are great many, have received and must receive, in the ordinary course of this sort of liquidations, no matter in what Agency in the city, the provisional Certificates which, when accumulated to others of the kind, are exchanged for the existing Bonds of higher amount. Nobody familiar with these transactions has complained to this Fiscal Commission of New Granada for having been dealt with in the same manner as you are —

To the Honorable Secy of the Treasury
Washington 21st August 1852

Sir

I have the honor to answer to the letter you did me honor to address on the 21st inst. by referring you to the fact that of the several banks of New York &c. you will see thereby that we were obliged to fix a limit to the sum of the loans to a certain amount and that this was indicated in the first class of the same bank in order of \$100,000. & \$200,000. The first class of the bank being now exhausted, as it has been stated to you at the office of Mr. W. M. Johnston, it is not at present to issue an additional number of loans of the same value. (Step) Indeed of course would be to expand the amount of the sum. Therefore, all the banks of the country are not only certainly are great many have received and must receive in the ordinary course of their business of deposits, no matter in what shape in the city, the provisions of the act which, when accumulated to other of the kind, are exchanged for the existing loans of higher amount. No bank however could there maintain the confidence to this kind of commission of New York for having been dealt with in the same manner as you see.

Yours very truly

My dear Sir

Agreeably to your note of the 31. Dec.
I have just requested Messrs. Isaac Samuel
to sell one of the Peruvian Bonds in their
hands, and so to manage the bargain
as to avoid any material loss in the
price for which I have obtained
this Stock on account of my commission.
I hope this will ^{shortly} enable me to complete
the settlement of the part of the said
commission due to the Committee
on the 2. Dec. last.

Faithfully yours

You will see by the enclosed note of Messieurs Isaac & Samuel (for the devolution of which I shall be obliged to you) that it is at present quite impossible to sell without a great sacrifice one of the Peruvian Dollar Bonds.
